7500 Deluxe Sliding Patio Door

Designed to work like a charm - that's built to last

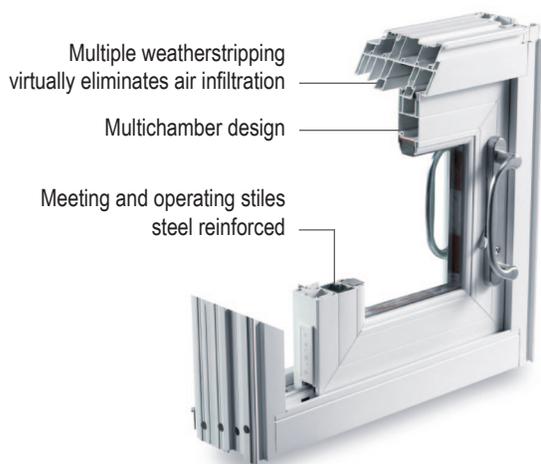

SMOOTH AND QUIET

Doors slide open smoothly and quietly thanks to:

- Patented Ultrex dual-tandem wheels for effortless operation
- A raised rail to protect the wheels from dirt and debris
- Perfectly straight and carefully adjusted parts to minimize friction

INCREASED PROTECTION

Fixed and mobile panel rails meet and interlock perfectly, making removal from outside almost impossible.

MULTICHAMBER DESIGN

Our multichamber design reduces thermal exchange and, with more enclosed air space than other brands, increases insulation values.

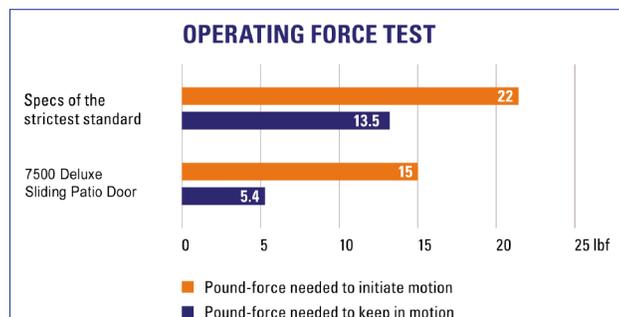

THE SOUND OF SILENCE

Enjoy the sound of silence! Multichamber profiles and multiple weatherstripping help eliminate most outside noise.

WELDED SASH

The state-of-the-art materials and engineering insures a quiet patio door with energy efficiency that will provide comfort all year round.

Try the Fingertip Test: We bet you can open this door with just the tip of a finger! The easiest door to operate in its category. How do we measure such carefree operation? How about more than 1 million sold - and one of the lowest service rates in the industry!

Customization with outstanding features

Thrush & Son: Complete Home Improvement Company is proud to offer certified Nobility Windows. Since 1960, Thrush & Son has believed in providing homeowners with not only the highest in quality of products, but the most energy efficient, as well. Nobility Windows combines both of those features with their lines of windows and patio doors. With their breakthrough design and quality craftsmanship, Nobility outranks all the competition in today's vinyl replacement window market. Revolutionary engineering, paired with tasteful designs, builds a refined product of longevity and aesthetics. Substantial Energy Star ratings, combined with durability make Nobility the leader in intelligent design since 1955.

Nobility has been adding beauty and value to homes for over 60 years. Over the years, window technology has evolved dramatically and Thrush & Son has always been at the forefront of these evolution's with the partnerships that we have developed. Available in a wide range of styles, colors and finishes, each and every Nobility Window is unconditionally backed by the best warranty in the business: Nobility for Life. All components, from the glass, to the frame, to the hardware, are guaranteed for life, no questions asked. This is proof that Nobility is proud of the products they manufacture, and that Thrush & Son wants you to be proud of the products that you purchase.

Thrush & Son believes in offering the most energy efficient products on the market to help you save on energy costs from this day forward for years to come. Nobility is dedicated to continually looking for new technologies to make their windows and doors even more energy efficient and environmentally friendly. By choosing Thrush & Son and Nobility products, you are not only making a decision that will have a positive impact on the environment by reducing your carbon footprint, but also supporting two companies that are dedicated to being environmentally responsible.
